

Coaching and Mentoring Course

leading to ILM Level 5 in Effective Coaching and Mentoring

This course supports the development of your coaching and mentoring skills, as a leader and more formally as a practicing coach and mentor. The workshops use best practice to identify the skills, knowledge and behaviours of an effective coach/mentor. Ongoing practice, reflection, feedback and review are key elements of the workshops. This course aims to enable you to feel confident in using your coaching and mentoring skills within an organisation or privately.

The course can lead to you becoming a qualified coach and mentor with an ILM Level 5 Certificate in Effective Coaching and Mentoring or an ILM Endorsed certificate in Coaching and Mentoring.

If you wish to develop an organisational culture of coaching and mentoring talk to us about how we can help and our in-house courses.
