

ILM Level 7 in Leadership and Management

An advanced leadership programme designed to provide existing and aspiring senior managers the opportunity to create significant organisational and personal development.

The programme starts with a 360 degree appraisal and focuses on developing your strategic leadership and management capability, with the support of a coach/mentor. The Level 7 qualification (Master's level) is based on a leadership project relating to your own development or the development of leadership capability within your organisation. If you wish to develop a leadership culture, specific to your own organisation, talk to us about how we can help and our in-house courses.
